

Alessandro Cusano

Product Designer • 3D Generalist

specialized in 3D modeling, motion graphics
& parametric design

LINK

Education

Innovation Design • Master Degree

2020 - 2022 University of Ferrara

Product Design • Bachelor's Degree

2017 - 2020 University of Ferrara

Skills

3D & Procedural

Blender • Houdini • Grasshopper

2D & Video

Photoshop • Illustrator
After Effects • Premiere

CAD & Prototyping

Rhino • 3D Printing

Languages

Italian
English

International experience

CERN • Geneva

2021 - 2022 IdeaSquare

Open Design Centrum • Amsterdam

2021 Erasmus Internship

Cinema and Photography • Brussels

2023 Erasmus+

Survival Adventure • Vilnius

2016 Erasmus+

Work Experience

3D Generalist • Rubensluciano

jun 2023 - now

- 3D modeling, motion graphics & animation using **Blender and Houdini** for product innovation and brand communication.
- Developed complex footwear geometries, procedural textures, and custom systems using **Rhino and Grasshopper**.
- Managed 3D prototyping through **FDM and SLA printing** for design testing and functional validation.
- Adapted visual styles and technical solutions to the standards of multiple high-end fashion brands.

Product Designer • 247LAB

feb 2023 - jun 2023

- Designed high-end brass lighting collections, taking products from **concept to production**.
- Developed tailored lighting layouts and spatial plans for high-profile interior projects.
- Produced **product photography** and visual content for web and social media.

3D Generalist • Studio Matteo Corvino

mar 2023 - may 2023

- Produced **photorealistic renderings** for bespoke furniture and interior design projects.
- Created **technical drawings** and production documentation for custom-made furniture.
- Supported projects from visualization to production, collaborating with the design team.
